

Cey-Nor

COMPANY PROFILE &
PRODUCT CATALOGUE

INTRODUCTION

Cey-Nor Development Foundation initially began operations in 1967 as a nonprofit joint organization between Ceylon and Norway dedicated to enhancing the education and welfare of the domestic fishing community.

At present Cey-Nor Foundation Limited stands as a fully government owned private limited company under the Ministry of Fisheries and Aquatic Resource Development.

The company specializes in the production of large and small industrial fishing vessels, leisure vessels and other fishing related accessories with a continuing vision for the development of the very community it serves.
